J. W. BROUGHER, NOTED DIVINE, LOCAL VISITOR

Famous Head of Los Angeles Temple Baptist Church to Spend Three Weeks

CLAIMS HE IS NOT PASTOR BUT STRICT BUSINESS MAN

"Member of Firm of Lord and Church, Manufacturers of Character," He Says

James Whitcomb Brougher—preacher, lecturer, humorist—is the way he signs his name.

During the past several months Honolulu has been honored with visits from many religious and social workers of international fame, and with the coming of Doctor Brougher Hawaii is entertaining a man who, aside from being a little nearer to home, is looked upon as the most popular and enterprising minister in the Pacific section. He hails from Los Angeles, where he is pastor of the Temple Baptist church; a church unique from the standpoint of location, and famous for its remarkable scope of work and strength of its congregation.

Dr. Brougher and Mrs. Brougher arrived in Honolulu yesterday and will spend three weeks in the islands. They are making the visit as the guests of Mr. and Mrs. William Slescher of Troy, N. Y.

"I am not a preacher, however," said Doctor Brougher this morning. "I am a business man. I represent the firm of Lord & Church, which is engaged in the manufacture of character and which maintains a big department store of religion."

Persons visiting Los Angeles never fail to visit the Temple Baptist church; it is a church which other congregations strive to duplicate in their own. When Robert J. Burdette resigned his pastorate of the Temple Baptist church, Doctor Brougher, then in Portland, Oregon, unanimously was conceded to be the only man who could stand in the shoes of the gentle Hawkeye humorist.
Born a Hoosier, educated a Californian, and in his ministry a cosmopolitan, the record of his pastorates is like the flight of a meteor. At Paterson, New Jersey, his first pastorate, he built up one of the largest churches in the state. In Chattanooga, Tennessee, he became known as one of the most popular preachers in the South, and his church building never could accommodate the crowds who wanted to hear him. At Portland, as pastor of the White Temple for six years, the largest congregations ever known in that city came regularly to hear him. His influence in the industrial and political life of the city was so great that it was a courageous man
